BANDSPRING AND HASTINGS IN THE BELMONT TO-MORROW.

Then Come the Brooklyn Handicap and Other Big Events on Thursday Don de Oro Bred to Be a Great Racchorse— The Work of the Brooklyn Candidates,

This will be a great week for the followers of the thoroughbred, Handspring and Hastings meeting to-morrow at one mile and three fur longs in the Belmont Stakes at Morris Park, while Clifford, Handspring, St. Maxim, Keenan, Counter Tenor, Hornpipe, and other good per-formers will do battle for the Brooklyn Handicap on Thursday at Gravesend.

The Belmont Stakes is bound to be a most interesting race, as Handspring must concede three pounds to the big son of Spendthrift. This pair, it will be remembered, met in the Withers Stakes two weeks ago, and Handspring won by a short head after a race that will go down into turf history as one of the most desperately con-tested events of the decade. The distance was one mile, and the three-year-olds ran up to record time for the track and distance. Handpring won, and for the Belmont must carry a penalty of three pounds. Since the Withers was run Handspring has been at Gravesend and has not appeared in public, but Hastings has remained at Morris Park, where he won the Toboggan Handicap on Saturday. There has been quite a lot of comment as regards the merits of the great rivals, and there are those who believe that the increased distance of the Belmont will be in favor of Hastings. Mr. Dwyer and his friends, however, do not think that Handspring will be at any disadvantage on this account, but will be fully as well equipped to go the journey as the Blemton Stable's repre-sentative. The victory of Handspring in the Withers, parrow as it was, will no doubt to make him favorite for to-morrow's race. One reason for this will be the fact that Hastings had to be ridden hard on Saturday to beat Hanwell in the Toboggan Handleap. This argument, however, does not hold good in the case of a sulky horse, and it appeared to many that Hastings was not doing his best at all stages of Saturday's race. He is a colt which requires the strongest and most persisetnt riding, and will not do more than he is made. Handspring, on the other hand, runs free and straight, and is as honest as the day is long. It is not surprising, therefore, that Mr. Dwyer's colt should have the call. Sour and suiky tempered horses, however, run some great races at times, and, while horses that run in blinkers are not always reliable, they do sometimes give the talent some hard knocks. At any rate, the race for the Belmont to-morrow will worth going a long way to see. Hastings got his last work in the Toboggan Handicap, and, further on in this column, the performance o Handspring over Gravesend's heavy track yeserday afternoon is spoken of and commented

termined to find out just how good a colt he owns, and with this end in view he will start him in the Brooklyn Handicap on Thursday. providing, of course, that he wins the Belmont and comes out of the ordeal safely. The race looks like a foregone conclusion for Clifford, as the son of Bramble is now probably in better shape than anybody in the East has ever seen him. St. Maxim, Hornpipe and other candidates are spoken of for the Brooklyn, but when the bay horse makes his run it will be all over but the shouting. Five or six days ago he was 6 to 1 in the future books. After Saturday here there was a little 2 to 1, but on Thursday he will probably be held at even money or less.

The victory of Don de Oro on Saturday, in the Eclipse Stakes at Morris Park, was discussed extensively by turfmen yesterday, and the great beauty, speed, and breeding of the colt were commented upon. Don de Oro is bred to beat any race horse in the world. He is by Rayon d'Or, one of the best horses that raced in France and England in his day, and is out of the imported dam Bella Donna, by Hermit, Bella Donna was foaled in 1885, and was bred by Mr. Henry Chaplin, The elder Belmont bought her, and the first foal she threw in this country was the speedy Bel Demonio, by Uncas. At the sale of the Nursery stud she was sold to Mr. Belmont for \$8.800, and was mated with Rayon d'Or in the bellef that she would produce something extraordinary in the way of a race horse. Beliadonna's dam was Honnie Doon, half sister to Blink Bonny, winner of the Derby and the Oaks. Blink Bonny threw Blair Athol, Derby and St. Leger winner, also Breadabane and Borealis. The next dam was the renowned Queen Mary, probably the greatest brood mare in the history of the turf. Is it any wonder that Don de Oro is a race horse? His dam is six-skteenth Eclipse.

Dr. Shepherd looks like the second best two-year-old out, and will no doubt develop into a race horse of high quality. He is simply tremendous, and is so big and overgrown that he cannot possibly be at his best before next year. Horoscope has speed a plenty, and may later on a face horse of high quality. He is simply tremendous, and is so big and overgrown that he cannot possibly be at his best before next year. Horoscope has speed a plenty, and may later on a face horse of high quality. He is simply tremendous, and is so big and overgrown that he cannot possibly be at his be him. St. Maxim, Hornpipe and other candi-dates are spoken of for the Brooklyn, but when

He will be rested on Wednesday and cantered on Thursday morning to fit him for the big Hornpipe is in great form since he left the Morris Park track. On Friday morning he cov-

Hornpipe is in great form since he left the Morris Park track. On Friday morning he covered a mule and a quarter over the Gravesend race track in 2:11. Vesterialy morning his work was confined to ione, strong gallops on the Ocean Parkway, the track at Brighton Beach being too deen. Counter Tenor worked a mile and a furiong in 2:02 without showing the slightest symptoms of a sulk.

Billy Donahue gave Nanki Pooh a mile and three-quarters at a steady pace throughout, Lazzarone has not been noticed on the track since last Saturday week, when he worked a mile and a quarter in company with Nanki Pooh in 2:17 and pulled up lame. The Brookdale, Goughacre, Freakness, and Louis Stuart stables arrived at the Sheepshead Bay track yesterday. The Flischman and Littlefield stables also arrived at the Gravesend race track. Fred Gallagher arrived at the Brighton Beach race track.

Champanbert Wins the French Derby. Paris, May 31.- The French Derby was run to-day and was won by Champaubert, with Champignon second and Trabous third. There were sixteen starters. The winner was ridden by Boon, Champignon by Pratt, and Trebous by Barlen.

The Peer Wine the National Hunt Cup at Brookline.

PROORIZER, May 31.—The annual steeplechase meeting of the Country Club opened yesterday with eight races, two of them being great steeplechase events. The attendance was very large, and in spite of the fact that betting is illegal in this State, a great deal of money changed hands. The only accident of the day was in the Country Club Cap event, when Perss, a gentleman rider, was thrown at the last jump on the flat. He was up on Trillion, a safe winner at that point, but the horse ran away after Persz went down, and Chevy Chase was the only one to finish. Persa was badly

stunned, but not seriously injured.

The great event, the National Hunt, for \$3,000, brought out nine of the best horses in the country, and the race was a splendid one. Every one of the lumpers was in fine form, and the big purse was not won until the last obstacle was cleared. The sum-

won until the last obstacle was cleared. The summary:

First Race—Polo ponies; purse \$100, \$25 to second; quarter of a mile. Sea Guil first, Jack Walker second, Lord Chumley third. Time, 0.274.

Second Race—Polo ponies; purse \$125, \$25 to second; half a mile. Miss Cay first, Canticlet second, Pete third. Time, 0.36.

Third Race—Three year olds and upward; purse \$309, \$70 to second, \$30 to third; three quarters of a mile. First heat—Detective first, Lancer second. The Sage third. Time, 1:20. Second heat—Phobus first, Miss Rose second, Dalgretti third. Time, 1:214.

Fourth Race—National Hunt; purse \$500, \$100 to second, \$30 to third; one and a half miles. Southerner first, Addie second, Kilkenny third. Time, 2:314.

good-by to Morris Park until the autumn. The Belmont Stakes, will consist of the Frivolity Stakes for two-year-old filles, and four other good races. Wednesday will be an off day, and on Thursday Gravesend will throw open its gates with a programme that should bring 20,000 to the popular course on Kings Highway and the Ocean Boulevard. Besides the \$10,000 Brooklyn Handicap, with Clifford, Handspring, St. Maxim, Keenan. Counter Tenor. Sir Walter, Nanki Pooh, Lake Shore, Emma C., and others engaged, the pick of the two-year-olds, with the exception of Don de Oro, will meet for the \$5,000 Expectation Stakes at half a mile. This will give the fast but short-lived young-sters a chance, and it would not be surprising if one of the dark division walked off with premier honors. Whatever beats Casseopla will come pretty near winning. The meeting will be courts on Washington Heights. Both singles and doubles will be played. There will be seven men a side in singles and doubles will be played. There will be seven men a side in singles and doubles will be played. There will be seven men a side in singles and flow beaves men a side in singles and doubles will be played. There will be seven men a side in singles and doubles will be played. WITH TROTTER AND PACER. The Outlook for a Good Meeting at Fleet-

Alexander Newberger will sound the starter's bell at Fleetwood Park to-morrow afternoon, and the spring trotting meeting which metropolitan horsemen have been looking forward to for many weeks past will be under way. Home talent is to be tried in the starter's box and judges' stand this season, Mr. Newburger taking the place of the well-known professional starter, Frank Walker, whose engagement for both the spring and fall meetings at Fleetwood this year was semi-officially announced last winter.

Although many of the circuit horses have not yet put in an appearance at the track owing to the postponed races at Baltimore on Saturday. the stables will doubtless be well filled before to-morrow with the crack trotters and pacers that have been making turf history in the Southeast since the campaign opened, three weeks ago. Nothing better could be said about the outlook for the coming meeting than that it bids fair to equal the June meeting held in Ficet-wood in 1895, and that much can be fairly said, now that the entries have closed and the horses are beginning to errive. Leaving out the two \$5,000 free-for-alls of the Grand Circuit series last year, there was little room for choice between the June and September meetings, so brilliant and stirring was the sport in the spring. It is not probable that the June meet-ing this year will bring out another performer of the same class as William Penn, the Driving Club having omitted to make a race for trotters having records below 2:15, but several of the classes on the programme promise contests little short of the sensational, and there is hardly a race on the card which lacks high-class starters enough to insure good sport.

The fine performance of Island Girl at Park-

way on Saturday, with the well-known speed which Azmon, Baron Crisp, Jettle, Nomad, and others in the 2:18 class are known to possess, makes this race look like the star feature of the meeting. A great many horsemen, who believe the headstrong little mare from Long Island to be capable of trotting an exhibition mile in 2:10 or better, doubt her ability to win when she meets a field of steady-

SOME LEAP-YEAR LAWS.

More than 800 Years Ago. from the Philadelphia Erautner.

More than 600 Years Ago.

From the Philadelphia Erossiner.

Probably lew spinsters who have been trying to gather up enough courage to take advantage of their customary privileges during leap year are aware that in two countries at least, and more than 500 years ago, laws were passed which gave women the right of proposing marriage. These canctments went even further than this. They also stipulated that if the man whose hand they sought should refuse, be should incur a heavy fine.

A searcher among the ancient records of Scotland has recently discovered an act of the Scotlish Parliament, which was passed in the year 1288, which runs as follows:

"It is statut and ordinint that during the rein of his maist blissit Begente, lik for the yeare knowne as Lepe Yeare, lik mayden ladye of baithe highe and lowe estat shail hae liberte to bespeke ye man she likes, albeit gif he refuses to tak hir to be his lawful wyfe, he shall be mulcted in ye sum of ane dundles or less, as his estait may be: except and awis gif he can make it appeare that he is betrothit ane lither woman, he then shall be free."

A year or two later a law almost similar to the Scotlish enactment was passed in France, and received the approval of the King. It is also said that before Columbus salied on his famous yovage to the westward a similar privilege was granted to the maidens of Genoa and Fiorence. There is no record extant of any fines imposed under the conditions of this Scotch law, and no trace of statistics regarding the number of spinsters who took advantage of it or of the similar regulations in France, but the custom evens to have taken firm hold upon the popular mind about that time. The next mention of is dated nearly 400 years later, and it is a curious little treatise called "Love, Courtship, and Matrimony," which was published in London in 1600. In this quaint work the "privilege" is thus alluded to:

"Ablet it now becomes a part of the common law in regard to social relations of life, that, as often as every leap year doth return, the
